

## Guidance on the W@y to the second meeting

2<sup>nd</sup> transnational meeting of the Guide My W@y project in Santiago de Compostela, Spain (20.-22.05.2015)

The Guide My W@y project has successfully completed the second meeting in the pilgrim city of Santiago de Compostela in Spain on May 20<sup>th</sup> -22<sup>nd</sup>. The project is therefore one step closer to achieving its aims and products. Through several workshops and discussions the structure of the counselling methodology and the content of a European Career Guidance Concept have been elaborated and established.

The project has set the future tasks for developing an interactive portal with E-Learning modules as well as using the Career Guidance Concept to develop the training programme for career guidance counsellors in the field of international youth vocational and job mobility. The project partners from Germany, Spain, Poland, Czech Republic and Lithuania are guiding the project towards a new perspective of counselling in the virtual world.
