

International Conference

Guide My W@y - A European Career Guidance Concept for International Youth Mobility

The Erasmus+ Project “Guide My W@y - A European Career Guidance Concept for International Youth Mobility” held its international conference at the HdBA in Mannheim on 07.07.16. Therefore counsellors in every field (EURES, Euroguidance, national, regional and local) had been invited. There had been several guests from Spain, Poland, Czech Republic, Lithuania and Germany (project partners) and external guests from Belgium, France, Germany, Estonia, Slovakia, Azerbaijan, Georgia, Armenia and Spain.

It started with a warmly welcome of the rector of the HdBA Prof. Dr. Andreas Frey and had been followed by an introduction of the eGuidance Concept for International Youth Mobility by the project leader Prof. Dr. Florian Kreutzer. The eGuidance Concept offers a methodology on counselling tailored to the international mobility of young people.

During the conference the project team presented the interactive eLearning Internet Portal and the advantages of virtual counselling. Through the interactive eLearning Internet Portal counsellors have the opportunity to acquire the eGuidance Concept through eLearning modules and tools such as podcasts, animations, videos and exemplary dialogues. The eGuidance Concept as well as the interactive eLearning Internet Portal are also available in German, Polish, Spanish and Czech language.

The International Conference ended with a moderated discussion where the counsellors and project partners could share their experiences with the audience and discuss about the sustainability of the project and its outputs.
